Subject: **Doubles pairs in Paris 2024**

As stated in the Paris 2024 [Qualification Guide](#), an athlete can obtain a qualification slot through the men's doubles ranking or women's doubles ranking. Any player qualified through a doubles ranking will be allowed to play singles and vice versa.

Entry into a doubles event requires previous application from NPCs, the application period will go from 1 January 2024 until 31 May 2024.

The application must include the names of both players who will form a pair and the doubles event that they will enter. Entry permission by ITTF will be decided based on the sum of rating points of both members of the pair. No player will receive a doubles entry if he or she does not have a partner.

The form that must be used to apply is the following:

Please, remember that you can change the pairings simply submitting another application. In case of conflict, that is, a player appears in two different pairs applications, the last application will prevail.
